
HaveIBeenSold Lets You Know If Your Email Address Has Been Leaked

The screenshot shows the homepage of HaveIBeenSold. At the top, there is a dark navigation bar with a logo on the left and links for Home, Notify me, Domain search, Pwned sites, Pastes, API, About, and Donate. The main content area has a blue background with a large white rounded rectangle containing the text "';--have i been pwned?". Below this is a subtitle: "Check if you have an account that has been compromised in a data breach". A search bar is positioned below the subtitle, with the placeholder text "email address or username" and a "pwned?" button. At the bottom, a dark section displays statistics: 38 pwned websites, 175,353,025 pwned accounts, 16,960 pastes, and 10,230,774 paste accounts. Below the statistics is a section titled "Top 10 breaches".
